OUR CURRICULM

CDO uses activities and materials appropriate for each level of a child's development. Our curriculum is theme oriented, which promotes learning through play. The children work in centers on activities to learn shapes, colors, numbers, and the alphabet. Four-year-olds and older work on Kindergarten readiness activities.

MUSIC

All children attend music one day a week to develop an appreciation of music, as well as to have fun singing songs and playing musical games.

MOTOR SKILLS

Children have motor skill development one day a week. The children are not only working on small and large muscle control, but are increasing skills in listening, following directions, concentrating, cooperating,

taking turns, and developing coordination. Each age group has activities appropriate for their age level and development.

CHAPEL

Children three-years-old and older attend chapel one day a week.

SPANISH

Four and five year old classes attend Spanish one day a week and begin learning vocabulary of the Spanish language.

Our CDO program, which began in 1991, was designed to establish a ministry to preschoolers in our surrounding community by providing a place of loving care and meaningful experiences in a Christian environment. We strive to meet the individual needs of each child with an emphasis on developing self-confidence, independence, and happiness.

ABOUT OUR DIRECTOR

Shelly Doherty has been working with children for over 10 years. She taught in public and private schools for 7 years, and has worked at Sugar Land Baptist CDO for the past 3 years. She has been a member of Sugar Land Baptist Church since 2009. She is married to Darren and they have two children. Shelly holds a Bachelor's degree in Education from Texas A&M University.

ABOUT OUR FACULTY

The faculty is comprised of individuals who possess an active faith in Jesus Christ, a love for preschoolers, and an educational/experiential background in preschool programming.
